MEN: HAVE YOU ACHIEVED FINANCIAL FREEDOM, YET STILL FEEL YOU LACK "WEALTH"?

ARE YOU TIRED OF FEELING STRESS, ANXIETY, OR ANGER?

**ARE YOU READY TO LIVE YOUR LIFE WITH EVEN MORE
PASSION, PURPOSE AND PEACE?**

If your answer to any of these questions was "YES,"
then you need Joy Pecchia, the Men's Success Coach!

Joy has been supporting men achieving these goals since she launched her coaching and consulting business in 2002. Men have always been a strong client base for her, first from the business aspect as a consultant, and then as her business grew it became more about life coaching than executive consulting. It became less about coaching businesses and more about coaching individuals - in connecting hearts and minds. Men especially - in their circles, there usually isn't the opportunity to talk about "heart." There are men's groups out there, yet there aren't many opportunities out there for men to learn about how to go "inside," to tap into their true masculine power, to live based on spirit and not based on ego. For many men it's more about external successes - career, family, community, which are very important. In coaching with Joy, men get more in touch with their true calling, their intuition and what's really possible when they focus on heart or intuition over ego or intellect.
